

## ***New Program available to Collin County Residents***

**Guide and File**, a new web-based program powered by Tyler Technologies, is now available to Collin County residents. The program allows individuals to create certain legal forms for filing online using pre-formatted, step-by-step templates that will generate a completed form.

You can access the forms through EFileTexas at <https://selfhelp.efiletexas.gov> from any computer. Registration is free and once you sign up, you can save your work and resume working on your document at your convenience from any location. The website has a tutorial and guides you through all of the information required for that particular form page by page.

Once your final document has been generated, you will have the option of printing your form for hand-filing or e-filing using a credit card.

The forms currently available are several Justice of the Peace forms and basic divorce forms for individuals filing without property or children. Additional forms are being developed and will be added periodically, so users are encouraged to check back if the form they need is not yet listed.

The screenshot displays the EFILETEXAS selfhelp website. At the top left is the logo featuring a blue star and the text "EFILETEXAS selfhelp". To the right is a "Welcome" button with a dropdown arrow. Below these is a navigation bar with four tabs: "Select Interview", "Complete Interview", "Review Summary", and "Submit Filing". The "Select Interview" tab is active, showing a section titled "Start a New Filing Interview". Below this title, it says "Please select the type of filing you would like to complete." and lists several options: "Final Decree of Divorce Without Children", "Forms to Start a Divorce Without Children", "Petition for Occupational Driver License", "Texas Eviction Petition", "Texas Repair and Remedy Petition", and "Texas Small Claims Petition". To the right of this list is a preview of a form with a large play button icon and the text "INTRODUCTION VIDEO".
